

Kitchen Renovation Prep Checklist

Georgia Home Design prep checklist. Print or save as PDF. Prep only: measures, photos, declutter, budget bands, timeline. Not a finish schedule.

Clarify the kitchen pain

- ☐ Write the top 3 problems (storage, layout, light, appliances, finishes).
- ☐ Note what must stay and what can change.
- ☐ List who cooks and how the room is used on a weekday.

Photos and measurements

- ☐ Take wide shots of each wall, plus the ceiling and floor.
- ☐ Photograph the sink, range, fridge, and any problem corners.
- ☐ Measure length and width of the room; note window and doorway widths.
- ☐ Measure existing appliance openings if you plan to reuse them.

Budget band worksheet

- ☐ Comfort band for design + build (low / mid / stretch): _____
- ☐ Must-haves inside that band: _____
- ☐ Nice-to-haves if budget allows: _____
- ☐ Contingency set aside for surprises: _____

Living through a reno

- ☐ Decide temporary cooking and dishwashing plans.
- ☐ Note parking, dust, and pet or kid constraints.
- ☐ Confirm decision-makers who must approve layout and finishes.

Timeline and next step

- ☐ Ideal start window: _____ Soft deadline: _____
- ☐ Book a design consult when photos and measures are ready.
- ☐ Optional: review Task Reno as our build partner when renovation is in scope.

Questions to ask a designer

- ☐ How do you handle layout vs finish decisions?
- ☐ What do you need from us before the first meeting?
- ☐ How do design and build handoffs work on kitchen projects?
